### TESTIMONY OF OUCC WITNESS THOMAS W. MALAN CAUSE NO. 45671 U <u>ST. ANTHONY WATER UTILITIES, INC.</u>

# I. INTRODUCTION

1	Q:	Please State your name and business address.
2	A:	My name is Thomas W. Malan, and my business address is 115 W. Washington
3		St., Suite 1500 South, Indianapolis, IN 46204.
4	Q:	By whom are you employed and in what capacity?
5	A:	I am employed by the Indiana Office of Utility Consumer Counselor ("OUCC") as
6		a Utility Analyst with the Water-Wastewater Division. My qualifications and
7		experience are set forth in Appendix A.
8	Q:	What is the purpose of your testimony?
9	A:	On January 24, 2022, St. Anthony Water Utilities, Inc. ("St. Anthony" or
10		"Applicant") filed a small utility rate application with the Indiana Utility
11		Regulatory Commission ("Commission" or "IURC") under 170 IAC 14-1-1 et al.
12		St. Anthony requests an across-the-board rate increase of 58.12% to produce an
13		additional \$194,143 of operating revenue. St. Anthony is a water utility providing
14		service to approximately 715 customers, located in Dubois County. St. Anthony's
15		last rate order was issued in Cause No. 39193 in 1991.
16		I present the OUCC's analysis of St. Anthony's proposed rate increase and
17		sponsor the OUCC's rate schedules. The OUCC recommends a rate increase of
18		50.63% to produce an additional \$171,132 of operating revenue per year. My
19		testimony and schedules present the OUCC's recommended operating revenue and

1		operating expense adjustments. I discuss each of the OUCC's recommended
2		revenue and expense adjustments, including customer growth, non-recurring
3		expenses, and disallowed expenses.
4	Q:	Describe the review and analysis you performed.
5	A:	I reviewed Applicant's Small Utility Rate Application dated January 24, 2022,
6		schedules, and workpapers. I reviewed Applicant's 2017, 2018, 2019, and 2020
7		IURC annual reports. I prepared discovery questions and reviewed Applicant's
8		responses. I conducted the OUCC's on-site accounting review on March 31, 2022.
9		I toured the Applicant's facilities. I participated in phone conversations with
10		William Hauser, Secretary/Treasurer - St. Anthony, and Mitchell Eschweiler,
11		Senior Manager at Bakertilly Municipal Advisors. I also reviewed the
12		Commission's final order from St. Anthony's last rate case (Cause No. 39193).
13	Q:	Who else will testify on the OUCC's behalf?
14	A:	OUCC witness Shawn Dellinger will discuss Applicant's financing request. OUCC
15		witness Carl Seals discusses Applicant's capital improvements program and
16		periodic maintenance program.
17	Q:	Do you sponsor any schedules or attachments?
18	A:	Yes. I sponsor the following schedules:
19		Schedule 1 – Comparison of Overall Revenue Requirements (page 1)
20		Comparison of Net Operating Income Adj (page 2)
21		Schedule 2 – Comparative Balance Sheet as of December 31, 2018, 2019 and 2020
22 23		Schedule 3 – Comparative Income Statement for the Twelve Months Ended December 31, 2018, 2019, and 2020.
24		Schedule 4 – Pro Forma Net Operating Income Statement
25		Schedule 5 – OUCC Revenue Adjustments
-		

26 Schedule 6 – OUCC Expense Adjustments

1	Schedule 7 – OUCC Extensions & Replacements
2	Schedule 8 – OUCC Debt Service
3	Schedule 9 – OUCC Debt Service Reserve
4	Schedule 10 – OUCC Tariff
5	Attachment TWM-1 – Nonrecurring – Englert's invoice
6	Attachment TWM-2 – Nonrecurring – Fischer Electric invoice
7	Attachment TWM-3 – Nonrecurring – Patoka Lake invoice
8	Attachment TWM-4 - St. Anthony Street Light Committee letter

### II. OVERALL REVENUE REQUIREMENT

### A. Overview of St. Anthony's Case

9 **Q**: What relief is Applicant requesting? A: St. Anthony requests the Commission authorize an across-the-board 58.12% rate 10 11 increase to generate \$194,143 of additional operating revenue per year. 12 Is Applicant seeking financing authority? **Q**: 13 A: Yes. Applicant seeks authority to issue \$290,000 in long-term debt. OUCC witness 14 Shawn Dellinger discusses Applicant's request in his testimony. 15 **Q**: What are the principal drivers of Applicant's proposed rate increase? A: 16 The principal drivers for this rate increase are the increase of operating expenses 17 and increase in requested extensions and replacements.

### B. Overview of OUCC's Case

### 18 Q: What revenue increase does the OUCC recommend?

- 19 A: Based on its review of Applicant's test year revenues, expenses, and expense
- 20 adjustments, the OUCC recommends an across-the-board rate increase of 50.63%
- 21 to produce additional revenues of \$171,132 per year. (See Table 1: Comparison of
- 22 Revenue Requirement Requirement.)

	Per Applicant	Per OUCC	Sch Ref	OUCC More (Less)
Operating Expenses	\$ 393,047	\$ 384,567	4	\$ (8,480)
Extensions and Replacements	115,000	115,000	7	-
Debt Service	36,650	33,490	8	(3,160)
Debt Service Reserve	7,330		9	(7,330)
Total Revenue Requirements	552,027	533,057		(18,970)
Less: Interest Income	(5,394)	(5,394)	4	
Net Revenue Requirements	546,633	527,663		(18,970)
Less: Rev @ current rates subj to increase	(334,021)	(338,032)	4	(4,011)
Other revenues at current rates	(18,717)	(18,717)	4	
Recommended Increase	193,895	170,914		(22,981)
Add: Additional IURC Fees	248	218		(30)
Recommended Increase	\$ 194,143	\$ 171,132		\$ (23,011)
Recommended Percentage Increase	58.12%	50.63%		-7.49%

### **Table 1: Comparison of Revenue Requirement**

#### 1 Q: What are the differences between the overall revenue requirement proposed 2 by St. Anthony and that recommended by the OUCC?

A: There is a difference in the amount of *pro forma* operating revenues each party has proposed. The OUCC's higher revenues at current rates are the result of the OUCC's recommended post-test year customer growth adjustments. There is also a difference in the amount of *pro forma* operating expenses and debt service each party has proposed. The OUCC also proposes a lower IURC fee.

### III. OPERATING REVENUES

### 8 Q: What amount of operating revenues does Applicant propose?

- 9 A: Applicant proposes *pro forma* present rate operating revenues of \$352,738. This is
- 10 a \$12,613 increase over test year operating revenues of \$340,125.

Public's Exhibit No. 1 Cause No. 45671 U Page 5 of 10

1	Q:	What adjustments did Applicant propose to test year operating revenues?
2	A:	Applicant proposed a revenue normalization adjustment which increased operating
3		revenues by \$2,176. St. Anthony proposed an increase of \$21,051 to account for
4		the Town of Birdseye (Applicant's sale-for-resale customer) being charged a
5		contract minimum of 500,000 gallons per month. Applicant proposed a decrease of
6		\$10,614 to account for a reimbursement from Cottage Estates. The water revenue
7		normalization adjustments recognized test year customer growth in Applicant's
8		residential customer class.
9	Q:	Do you accept Applicant's adjustments to operating revenues?
10	A:	Yes.
11	Q:	What amount of operating revenues does the OUCC recommend?
12	A:	The OUCC recommends pro forma present rate operating revenues of \$356,749.
13		This is a \$16,624 increase over test year operating revenues of \$340,125.
14 15	Q:	Did Applicant propose adjustments to recognize post-test year customer growth.
16	A:	No. Applicant did not propose an adjustment.
17	Q:	Do you propose a post-test year customer growth adjustment?
18	A:	Yes. Based on my analysis, Applicant added three (3) residential customers to the
19		system and three (3) commercial customers as of December 2021.
	А. <u>Р</u>	<u>ost-test year residential growth</u>
20	Q:	What post-test year residential customer growth adjustment do you

- 20Q:What post-test year residential customer growth adjustment do y21recommend?
- 22 A: I recommend a post-test year residential customer growth adjustment of \$1,135.

- 1 Q: How did you derive that amount?
- 2 A: I calculated the increase in residential customers during the 12-month period 3 following the test year by subtracting the number of customers on December 31, 4 2020, from the number of customers on December 31, 2021 (668 - 665 = 3). Based 5 on this analysis, Applicant added 3 residential customers as of December 31, 2021. 6 Multiplying the increase in residential customers by twelve months results in 36 7 additional annual billings due to post-test year customer growth. I then multiplied 8 the additional post-test year billings by the average bill per residential customer of 9 \$31.53, resulting in \$1,135 of additional residential revenues. (See OUCC Schedule 10 5, Adjustment No. 1.)

#### Table 2: <u>Residential Post-Test Year Customer Growth</u>

Residential Customers at 12/31/2021	668
Less: Residential Customers at 12/31/2020	665
Additional Residential Customers	3
Times: 12 Months	12
Additional Billings	36
Average Bill per Residential Customer	\$ 31.53
Adjustment Increase (Decrease)	\$ 1,135

#### B. Post-test year commercial growth

# 11Q:What post-test year commercial customer growth adjustment do you12recommend?

13 A: I recommend a post-test year commercial customer growth adjustment of \$2,876.

#### 14 Q: How did you derive that amount?

- 15 A: I calculated the increase in commercial customers during the 12-month period
- 16 following the test year by subtracting the number of customers on December 31,

1	2020, from the number of customers on December 31, 2021 ( $46 - 43 = 3$ ). Based
2	on this analysis, Applicant added 3 commercial customers as of December 31,
3	2021. Multiplying the increase in commercial customers by twelve months results
4	in 36 additional annual billings due to post-test year customer growth. I then
5	multiplied the additional post-test year billings by the average bill per commercial
6	customer of \$79.88, resulting in \$2,876 of additional residential revenues. (See
7	OUCC Schedule 5, Adjustment No. 2.)

### Table 3: Commercial Post-Test Year Customer Growth

Commercial Customers at 12/31/2021	46
Less: Commercial Customers at 12/31/2020	 43
Additional Commercial Customers	 3
Times: 12 Months	 12
Additional Billings	 36
Average Bill per Commercial Customer	\$ 79.88
Adjustment Increase (Decrease)	\$ 2,876

### IV. OPERATING EXPENSES

- 8 Q: What level of operating expenses does St. Anthony propose?
- 9 A: St. Anthony proposes *pro forma* operating expense of \$438,253 which is an
- 10 increase of \$54,358 over test year operating expense of \$383,895.
- 11 Q: What operating expense adjustments does Applicant propose?
- 12 A: St. Anthony proposes eight adjustments to test year operating expenses: (1) a
- 13 \$7,543 increase to salaries and wages, (2) a \$2,242 increase to payroll taxes, (3) an
- 14 \$12,008 increase to adjust for increased cost of purchased water, (4) a \$244 increase
- 15 to purchased power, (5) a \$28,733 increase to periodic maintenance expense, (6) a
- 16 \$538 increase to insurance, and (7) a \$3,050 increase to audit expense.

1	Q:	Do you accept Applicant's operating expense adjustments?
2	A:	I accept Applicant's adjustments to test year operating expenses.
3	Q:	Do you recommend any additional operating expense adjustments?
4	A:	Yes. I recommend three operating expense adjustments, a \$7,545 decrease to
5		materials and supplies (See OUCC Schedule 6, Adjustment No. 1), and a total of
6		\$935 decrease to miscellaneous expense contained in two adjustments (See OUCC
7		Schedule 6, Adjustments No. 2 and No. 3).
8	Q:	What level of operating expenses do you recommend?
9	A:	I recommend pro forma operating expense and taxes of \$429,773. This is an
10		increase of \$45,878 over test year operating expenses of \$383,895. Table 2
11		compares the operating expense adjustments recommended by the OUCC to those
12		proposed by St. Anthony.

# Table 4: Comparison of Proposed Operating Expense Adjustments

Taxes Other than Income						
Payroll Taxes		2,242		2,242		-
Total Operating Expense	\$	54,358	\$	45,878	\$	(8,480)

# A. Non-Recurring Expense

1 2	Q:	What non-recurring expenses do you recommend removing from Applicant's test year operating expense?
3	A:	Through the course of the OUCC's voucher review, I identified three invoices I
4		consider to be non-recurring expenses. I recommend \$7,545 be removed from test
5		year expense. (See OUCC Schedule 6, Adjustment No. 1 and OUCC Attachments
6		TWM-1, TWM-2, and TWM-3.)
7	Q:	Please explain why you are removing these expenses.
8	A:	Applicant paid Englert's Home Comfort \$2,971 for floor covering to be installed
9		in the maintenance building (See OUCC Attachment TWM-1). It will not be
10		necessary for St. Anthony to replace the shop flooring each year. This expense is
11		also out-of-period as it relates to expenditures incurred prior to the test year
12		(10/28/2019). Non-recurring and out-of-period expenses should be excluded from
13		a utility's revenue requirement.
14		Applicant paid Fischer Electric \$2,626 for replacement of shop lighting
15		(See OUCC Attachment TWM-2). St. Anthony will not be replacing lighting in its
16		shop each year therefore making this payment non-recurring. Non-recurring
17		expenses should be excluded from a utility's revenue requirement.
18		Applicant paid Patoka Lake Regional Water & Sewer District \$1,948 for an
19		additional wholesale water meter (See OUCC Attachment TWM-3). A meter is a
20		long-lived asset and therefore making this payment non-recurring. Non-recurring
21		expenses should be excluded from a utility's revenue requirement.

#### B. Disallowed Expense

- 1 **Q**: Did Applicant propose an adjustment to remove any disallowed expense from 2 the test year? 3 A: No. 4 **O**: Did you identify any test year expense that was not necessary to provide safe, 5 reliable, drinking water? 6 A: Yes. During my review of test year miscellaneous expense, I found a payment to 7 St. Anthony Street Light Committee for \$200 and test year payments totaling \$775 8 for Christmas appreciation gifts. Although Applicant's payment to the St. Anthony 9 Street Light Committee for \$200 is voluntary the committee states that the 10 household average is \$40 (See OUCC Attachment TWM-4). Therefore, the 11 Applicant is receiving \$40 of service. Therefore, I recommend a \$160 reduction to 12 Applicant's test year expense for the donation portion of this payment (\$200 - 4013 = \$160). (See OUCC Schedule 6, Adjustment No. 2.) 14 The Christmas appreciation gifts were provided to employees and are not 15 necessary to provide safe, reliable drinking water and should be removed from test 16 year operating expenses. I recommend \$775 be removed from test year 17 miscellaneous expense. (See OUCC Schedule 6, Adjustment No. 3.) V. RECOMMENDATIONS 18 **Q**: Please summarize your recommendations to the Commission. 19 I recommend the Commission approve an across-the-board rate increase of 50.63% A: 20 to generate an additional \$171,132 of operating revenue per year.
- 21 **Q:** Does this conclude your testimony?
- 22 A: Yes.

### **APPENDIX A - QUALIFICATIONS**

1	Q:	Please describe your educational experience.
2	A:	In December of 2002 I received a bachelor's degree in Business Administration
3		focusing on Accounting from Indiana University Kelley School of Business. In
4		December of 2012 I received my Master of Science in Accounting from Indiana
5		University Kelley School of Business, Indianapolis Indiana.
6	Q:	Please describe your professional experience.
7	A:	I was hired as a Utility Analyst in the Water / Wastewater division of the OUCC
8		on April 30, 2018. Prior to being hired by the OUCC, I was the controller of All
9		Trades Staffing. I have over fifteen years of accounting experience. I worked for
10		several years as a Financial Analyst in the insurance and healthcare industries. I
11		have participated in conferences and seminars regarding utility regulation, rate
12		making and financial issues. I have completed the National Association of
13		Regulatory Utility Commissioners (NARUC) Eastern Utility Rate School. I also
14		regularly attend the National Association of State Utility Consumer Advocates
15		(NASUCA) Accounting and Tax committee monthly meetings. In August of 2019
16		I completed the Annual Regulatory Studies Program from the Institute of Public
17		Utilities at Michigan State University.
18 19	Q:	Have you previously testified before the Indiana Utility Regulatory Commission?
20	A:	Yes.

### **AFFIRMATION**

I affirm the representations I made in the foregoing testimony are true to the best of my knowledge, information, and belief.

,

Dear Supporter,

In 1961, the St. Anthony Street Light Committee was formed by a group of men in the community with the foresight to start this program. The sole mission was to provide street lights for the town of Saint Anthony and the roads leading to town. This program began in April of 1961 and continues to be supported by the households and businesses along the street light areas.

In 2017, all 28 street lights maintained under this service were changed to LED Lighting to help save under the new minimal rate increase. The total cost of the program is approximately \$2,520.00 per year. Again this year, the household average will remain \$40.00 per year, per household. This amount will meet the needs in order to continue the program. Your support is very much appreciated.

Your donation towards the Town of Saint Anthony Street Light Program may be forwarded by mail in the enclosed envelope by June 20. Thank you in advance for your support.
