METERED RATE ADJUSTMENT

In the event that a Metered Commercial Customer's demonstrable usage of sewage disposal services during any particular period of the year (not to exceed three months in duration) does not correspond to the water usage information, then such customer would be entitled to an adjustment, using as a maximum rate the average of the 12 preceding months of water usage information, excluding such corresponding period of high usage.

CONNECTION CHARGE

Each user at the time he is connected with the sewage disposal system shall pay a charge of \$760.00 per residential connection. For nonresidential connections, the customer shall pay a charge based upon the actual cost of connection.

SYSTEM DEVELOPMENT CHARGE

Each user at the time he is connected with the sewage disposal system shall pay a charge of \$975 per residential connection. All non-residential users will pay a system development charge at the time they are connected that is based on their equivalent residential units (ERU) of their estimated usage.

MAIN EXTENSIONS

For purposes of the Commission's sewer main extension rules, the provisions of 170 IAC 8.5-4-32(a)(2) shall apply.
