MOTION FOR CONFIDENTIAL TREATMENT
OF FINANCIAL INFORMATION

MetroNet Systems, LLC (“MNS”), by counsel, hereby respectfully requests that the Indiana Utility Regulatory Commission (“Commission”) grant confidential and proprietary treatment of the financial information to be filed by MNS in this proceeding. In support, MNS states:

1. On or about May 5, 2017, MNS filed its Application for a Certificate of Territorial Authority as a Communications Service Provider in this proceeding. MNS is required to submit financial information in support of its Application.
2. MNS’s financial information consists of the confidential and proprietary financial statements of MNS (the “Confidential Information”).
3. The Confidential Information is such that it: (i) may derive actual or potential independent economic value from being neither generally known to, nor readily ascertainable by proper means by, other persons who could obtain economic value from its disclosure or use; and (ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.
4. As explained in the Affidavit of John Campbell attached hereto as Exhibit A, the Confidential Information is the subject of significant company efforts to maintain its secrecy. MNS goes to great lengths to prevent the disclosure of the Confidential Information to the public, including segregating it from other information internally. MNS also limits the dissemination of the Confidential Information internally to senior management, counsel,

accountants, and employees on a need to know basis. MNS does not release the Confidential Information externally without appropriate confidentiality protections. MNS employs various system safeguards so that access to the Confidential Information is provided to a very small number of MNS employees.

5. Public disclosure of the Confidential Information would place MNS at a competitive and economic disadvantage. The Confidential Information would reveal to competitors the financial condition of MNS, along with its performance relative to self-imposed operational and other performance standards. This information has never been revealed to competitors or other third parties (except pursuant to binding Nondisclosure Agreements in cases of absolute business necessity).

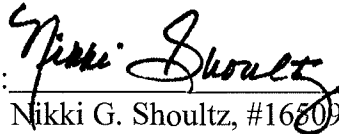

6. Public disclosure of the Confidential Information would be economically valuable to competitors because it would provide significant insight into the business operations and market penetration of MNS. Analysis of the Confidential Information by competitors could provide insight into the overall financial viability of MNS and its affiliates. Competitors could use the Confidential Information to adjust and target business strategies to the detriment of MNS.

7. The Confidential Information is not publicly available from any other source. MNS takes reasonable precautions to maintain and protect the confidentiality of such information. MNS does not publicly provide, file, or disclose the Confidential Information and competitors do not otherwise have unrestricted access to the Confidential Information.

8. Pursuant to 170 IAC 1-1.1-4, attached hereto as "Exhibit A" is the Affidavit of John Campbell in Support of this Motion for Confidential Treatment.

WHEREFORE, MNS respectfully requests that the above-described confidential and proprietary financial information be exempt from public disclosure pursuant to I.C. 5-14-3 et. seq.

Respectfully submitted,

EXHIBIT A

AFFIDAVIT OF JOHN CAMPBELL

John Campbell, upon his oath, deposes and states:

1. I am Vice President and General Counsel for MetroNet Holdings, LLC, the parent company of MetroNet Systems, LLC. ("MNS"). In that capacity as Vice President and General Counsel, I support the submission of testimony and exhibits to support regulatory applications.

2. I have personal knowledge of the confidential, proprietary, competitively sensitive, and trade secret nature of the Confidential Information addressed herein and in the accompanying Motion through direct contact with this information and through my investigation with other MNS employees who work directly with the Confidential Information. I have personal knowledge of efforts taken by MNS to maintain the secrecy of the Confidential Information through direct contact with these efforts and through my investigation of these efforts with other employees who work directly with these procedures.

3. MNS requests that its confidential financial information to be provided as part of MNS's Application for a Communications Service Provider Certificate of Territorial Authority in this proceeding be exempted from public disclosure as confidential, proprietary, competitively sensitive, and trade secret information (the "Confidential Information").

4. The Confidential Information includes the confidential and proprietary financial information for MNS and contribution of its privately-held parent company and affiliates. The Confidential Information is not readily available in the public domain. MNS takes steps to protect this information from public disclosure. Such information is competitively sensitive and a trade secret because competitors may use the financial information to gain a competitive

advantage over MNS. The Confidential Information includes the balance sheet for MNS. This information is not revealed to competitors or other third parties without a binding Nondisclosure Agreement and only in the case of absolute business necessity.

5. The Confidential Information is competitively sensitive and a trade secret. Public disclosure of the Confidential Information would be economically valuable to competitors because it would provide significant insight into the business operations and market penetration of MNS. Analysis of the Confidential Information by competitors could provide insight into the overall financial viability of MNS or its affiliates. Competitors could use the Confidential Information to adjust and target business strategies to the detriment of MNS.

6. The Confidential Information is not available or ascertainable by other parties through normal or proper means. No reasonable amount of independent research could yield this information to other parties.

7. The Confidential Information has been the subject of efforts that are reasonable under the circumstances to maintain its secrecy. MNS restricts the access of information to only those employees, officers, and representatives who have a need to know about such information due to their job and management responsibilities. The company's files containing the Confidential Information are maintained separately from the company's general records and access to those files is restricted. Access to the Confidential Information has been and will continue to be disclosed only to those employees, officers, and representatives of MNS who have a need to know about such information due to their job and management responsibilities. Outside MNS, this information is only provided to certain persons who have a legitimate need to review the information.

Further the Affiant sayeth not.
