We have enclosed on behalf of Southwestern Bartholomew Water Corporation the proposed tariff of the Utility for the Phase II rates, under the revised funding and loan terms that were effective at loan closing. We have also enclosed several exhibits (numbered 1 through 6) reflecting our computations of the appropriate Phase II rates. Please note that we have followed the same methodology on this phase as was approved on August 24, 2016, under Cause No. 44754.

Please notify us if you have any questions or wish to discuss these matters. Thank you for your attention and assistance.

We have provided a copy of this filing to the Office of the Utility Consumer Counselor.

Yours truly,
