INDIANA UTILITY REGULATORY COMMISSION

PETITION OF MIDWEST NATURAL GAS CORPORATION FOR AUTHORITY TO CHANGE ITS RATES, CHARGES, TARIFFS, RULES, AND REGULATIONS.

CAUSE NO. 45888

INDIANA OFFICE OF UTILITY CONSUMER COUNSELOR'S

PUBLIC'S EXHIBIT NO. 1 – SETTLEMENT TESTIMONY OF OUCC WITNESS HEATHER R. POOLE

)

September 29, 2023

Respectfully submitted,

R Hon

Thomas R. Harper Attorney No 16735-53 Deputy Consumer Counselor

MIDWEST NATURAL GAS CORPORATION CAUSE NO. 45888 SETTLEMENT TESTIMONY OF OUCC WITNESS HEATHER R. POOLE

I. <u>INTRODUCTION</u>

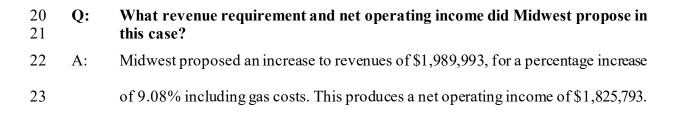

1	Q:	Please state your name and business address.
2	A:	My name is Heather R. Poole, and my business address is 115 W. Washington
3		Street, Suite 1500 South, Indianapolis, Indiana 46204.
4	Q:	By whom are you employed and in what capacity?
5	A:	I am employed by the Indiana Office of Utility Consumer Counselor ("OUCC") as
6		the Director of the Natural Gas Division. I have worked as a member of the OUCC's
7		Natural Gas Division since December 2010. For a summary of my educational and
8		professional experience, as well as my preparation for this case, please see the
9		Appendix attached to my testimony.
10	Q:	What is the purpose of your settlement testimony?
11	A:	My settlement testimony supports the Settlement Agreement ("Agreement")
12		between the Parties in this Cause: Midwest Natural Gas Corporation ("Midwest"
13		or "Petitioner") and the OUCC (collectively, the "Parties" or "Settling Parties").
14		The Agreement resolves all issues between the Settling Parties in this Cause. I
15		discuss the pertinent matters agreed to in the Agreement, such as the original cost
16		rate base, capital structure, pro forma operating revenues, and pro forma expense
17		adjustments. I discuss terms of the Agreement related to customer service charges,
18		rate design, and tariffs. Attached to my settlement testimony is a set of revenue
19		requirement schedules reflecting the terms of the Agreement, designated as

1 Attachment HRP-1.

2 3	Q:	Do the revenue requirement schedules in Attachment HRP-1 contain all pro forma adjustments agreed to in the Settlement Agreement?
4	A:	Yes. The Settling Parties agreed certain pro forma revenues and expenses should
5		remain as filed in Midwest's case-in-chief. In the schedule reference column of
6		Attachment HRP-1, Schedule 4, a designation of "Pet." indicates the adjustment
7		remains as originally proposed by Petitioner. Likewise, in the schedule reference
8		column of Attachment HRP-1, Schedule 4, adjustments agreed to in settlement
9		show a schedule reference for Schedule 5 or Schedule 6, contained within
10		Attachment HRP-1. A comparison of pro forma present rate income statement
11		adjustments between Petitioner's original pro forma adjustments and the pro forma
12		adjustments agreed to in settlement are shown on Schedule 1, page 3 of Attachment
13		HRP-1.
14 15	Q:	Is the Agreement a product of arms-length negotiations between the Settling Parties?
16	A:	Yes. The Agreement represents a compromise reached in the settlement negotiation
17		process, with give and take by the Settling Parties. The Settling Parties devoted
18		considerable time and effort to fairly balance Midwest's interests and those of

19 Midwest's customers.

II. <u>REVENUE REQUIREMENT AND NET OPERATING INCOME</u>

1 2	Q:	What revenue requirement and net operating income did the Settling Parties agree to in this case?
3	A:	The Settling Parties agree that Midwest's base rates will be designed to produce a
4		\$1,816,020 return on rate base. The revenue requirement represents a \$1,847,190
5		increase in revenue, which is a \$142,803 decrease from the amount originally
6		requested by Midwest in its case-in-chief.

RATE BASE III.

7	Q:	What value did the Settling Parties assign to rate base in this Cause?
8	A:	The Settling Parties agree to an original cost rate base of \$22,282,455. This reflects
9		a \$116,741 reduction in utility plant in service for the removal of the cost of one
10		vehicle, and a change to working capital to reflect other changes in operation and
11		maintenance expenses noted below.

IV. **COST OF EQUITY AND CAPITAL STRUCTURE**

12 Q: What cost of equity did Midwest and the OUCC agree to in th	is Cause?
-------------------------------------------------------------------	-----------

13	A:	Midwest and the OUCC agreed to a cost of equity of 10.10% as part of the
14		Stipulation and Partial Settlement Agreement on Cost of Equity Capital, Cost of

- Service, and Residential Service Charge ("Partial Settlement Agreement") filed 15
- 16 with Petitioner's witness Dave Osmon's direct testimony.

17 What Weighted Average Cost of Capital ("WACC") have the Settling Parties **Q**: 18 agreed to? The Settling Parties agreed to the same WACC as requested in Midwest's case-in-19 A:

20 chief, which was 8.15%.

V. <u>PRO FORMA REVENUES</u>

1	Q:	What revenue adjustments do the Settling Parties agree to in this Cause?
2	A:	The Settling Parties agree Midwest's pro forma revenues for the following items
3		should be those as stated in Midwest's case-in-chief:
4		• Elimination of GCA Revenue: (\$13,697,424);
5		• Cause No. 43995 S-1 Refunds: \$41,409;
6		• Decrease in TDSIC Revenue: (\$212,659);
7		• New Large Public Authority Customer: \$130,218;
8 9		• Collection, Reconnection, Disconnection and After-Hours Charges: \$10,105; and
10		• Return Payment Fees: \$600.
11		The Settling Parties agree to the following revenue adjustments that are different
12		than the amounts proposed in Midwest's case-in-chief:
13 14		• New HDD Normals: Due to an inversion of the test year and pro forma amounts, the Settling Parties agree to an adjustment of \$55,486.
15 16		• Annualize customers added in test year: Due to an inaccurate number of customer instances, the Settling Parties agree to an adjustment of \$30,491.
17 18 19		• Reclassify Sales Customers to Transport: Due to inaccurate volumetric rates applied and volumes in the adjustment, the Settling Parties agree to an adjustment of (\$222,653).

VI. <u>PRO FORMA EXPENSES</u>

20 Q: What expense adjustments do the Settling Parties agree to in this Cause?

- 21 A: The Settling Parties agree Midwest's pro forma expenses for the following items
- should be those as stated in Midwest's case-in-chief:
- Natural Gas Purchased: (\$13,558,505);

1	• Payroll Expense: \$202,581;
2	• Bad Debt Expense: (\$16,597);
3	• Director's Fees: \$2,250;
4	• Property Insurance: \$3,363;
5	• Unrecovered Customer Penalties (COVID): \$3,193;
6	• Fines for Missed Locates: (\$3,000);
7	• Depreciation Expense: (\$272);
8	• Deferred TDSIC Depreciation Expense: \$2,518;
9	• Utility Receipts Tax: (\$182,760); and
10	• Deferred TDSIC Property Taxes: \$483.
11	The Settling Parties agree to the following expense adjustments that are different
12	than the amounts proposed in Midwest's case-in-chief:
13	• Rate Case Expense: A reduction of \$30,000 in accounting fees and \$52,500 in
14 15	legal fees results in total rate case expense of \$127,500. The Settling Parties agree to a 5-year amortization period, for a total annual adjustment of \$25,500.
	legal fees results in total rate case expense of \$127,500. The Settling Parties
15 16 17 18	 legal fees results in total rate case expense of \$127,500. The Settling Parties agree to a 5-year amortization period, for a total annual adjustment of \$25,500. IURC Fee: Due to an incorrect revenue amount, removal of pro forma forfeited discounts and bad debt expense, an update to the most current IURC fee rate, and a correction to the test year amount, the Settling Parties agree to an
15 16 17 18 19 20 21 22	 legal fees results in total rate case expense of \$127,500. The Settling Parties agree to a 5-year amortization period, for a total annual adjustment of \$25,500. IURC Fee: Due to an incorrect revenue amount, removal of pro forma forfeited discounts and bad debt expense, an update to the most current IURC fee rate, and a correction to the test year amount, the Settling Parties agree to an adjustment of \$7,412. Energy Efficiency Contribution for NTA: The Settling Parties agree to reduce the energy efficiency contribution expenses for the NTA by the amount required to be paid by the utility in the NTA proceeding, resulting in an adjustment of

1 2	•	ESOP Expense: The Settling Parties agree to an adjustment of \$37,639, which was misclassified by Petitioner as pension expense.
3 4 5	•	Health Insurance: Due to an employee changing health insurance plans within the twelve months following the test year and removal of MASA fees, the Settling Parties agree to an adjustment of \$65,459.
6 7 8	•	Employee Events and Gifts: Due to additional items found that should not be recovered from ratepayers, the Settling Parties agree to an adjustment of (\$39,871).
9 10	•	Lobbying Fees: Due to additional non-deductible expenses, the Settling Parties agree to an adjustment of (\$1,409).
11 12	•	IT Services: Due to an incorrect allocation of costs between Midwest Gas and Indiana Natural Gas, the Settling Parties agree to an adjustment of (\$56,670).
13 14	•	Outside Services: The Settling Parties agree to an adjustment of (\$4,772) for non-recurring legal fees.
15 16 17 18	•	Deferred TDSIC Revenue Requirement: The Settling Parties agree to include the 20% deferred revenue requirement from the TDSIC proceeding in Cause No. 44942. The total 20% deferral is \$47,890, amortized over 5 years, which results in an adjustment of \$9,578.
19 20	•	Payroll Taxes: Due to one employee's pro forma payroll adjustment being above the FICA tax limit, the Settling Parties agree to an adjustment of \$14,517.
21 22	•	Property Taxes: Due to removing the cost of the CEO's vehicle from property tax expense, the Settling Parties agree to an adjustment of \$45,092.
23 24 25 26	•	Federal and State Income Tax: Due to a rounding error in the calculation of synchronized interest, and the adjustments to revenue and expenses noted above, the Settling Parties agree to a federal income tax adjustment of (\$63,710) and a state income tax adjustment of (\$25,902).

VII. EXCESS ACCUMULATED DEFERRED INCOME TAX ("EADIT")

1 2	Q:	Did Midwest make an adjustment for the refund of EADIT as required by the Tax Cuts and Jobs Act of 2017?
3	A:	No. Midwest did not include an adjustment in its case-in-chief for the refund of
4		EADIT.
5	Q:	What have the Settling Parties agreed to regarding EADIT?
6	A:	The Settling Parties agree base rates will be set for the rate case, and all refunds for
7		EADIT will be passed back to customers as a credit using the Tax Cuts and Jobs
8		Act of 2017 Temporary Adjustment Mechanism tariff sheet outside of setting rates
9		in this Cause. The total amount to be refunded to customers each year is \$35,076,
10		which equates to \$2,923 in monthly amortization required as part of Cause No.
11		45032 S11. A copy of the new tariff language will be included in Petitioner's red-
12		lined and clean tariff filed with the Commission.

VIII. <u>AMORTIZATION OF EXPENSES</u>

13 Q: What have the Settling Parties agreed to regarding amortization of expenses?

- 14 A: The Settling Parties agree Petitioner should file a revised tariff if new rates have
- 15 not gone into effect at the end of the 5-year amortization period to remove the
- 16 following expenses from Petitioner's base rates:
- Rate Case Expense;
- 18 Deferred TDSIC Revenue Requirement;
- Deferred TDSIC Depreciation;
- Deferred TDSIC Property Tax; and
- Unrecovered Penalties (COVID).

1	In the event Petitioner has new base rates that go into effect before the end of the
2	5-year amortization period, any remaining expenses above not amortized at the time
3	of Petitioner's next rate case order may be included for recovery in that proceeding.

IX. DEPRECIATION RATES

4	Q:	What depreciation rates have the Settling Parties agreed on?
5	A:	The Settling Parties agree to a 2.50% composite depreciation rate compared to the
6		2.75% composite depreciation rate currently in place. Additionally, the Settling
7		Parties agree to a 20-year depreciation life for new ITRON meter endpoints, for a
8		depreciation rate on ITRON meter endpoints of 5%.

X. <u>RATE DESIGN</u>

9 **Q**: What customer service charges have the Settling Parties agreed on? 10 The Settling Parties agree to the following customer service charges, as proposed A: 11 in Midwest's case-in-chief. 12 Tariff A: \$15.00; • Tariff B: \$30.00; 13 • 14 Tariff C: \$180.00; and • 15 Tariff E: \$550.00. • 16 **O**: How will the increase in revenue requirements be spread across rate classes? 17 The Settling Parties agree Attachment BJM-2, Schedule A, originally filed with A: 18 Petitioner's witness Bonnie Mann's testimony, will be updated to allocate the 19 increase in revenue requirement across the board to all rate classes such that the 20 total revenues of each rate class are increased by the same percentage. (In the 21 original Attachment BJM-2, Schedule A filed with Midwest's case-in-chief, each 22 rate class has a different percentage increase. The increase to each customer class

1	should be the same percentage to match the Partial Settlement Agreement.)
2	The Settling Parties also agree Petitioner will provide the OUCC and
3	Commission with a final revenue proof and updated, red-lined tariff that includes
4	all tariff changes approved in the Commission's Final Order.

XI. <u>TARIFFS</u>

5	Q:	What have the Settling Parties agreed to regarding the tariffs?
6	A:	The Settling Parties agree to the following related to tariffs:
7		• The removal of the Energy Efficiency Rider.
8 9 10		• As discussed above, the Tax Cuts and Jobs Act of 2017 Temporary Adjustment Mechanism tariff sheet will be used to refund the EADIT of \$35,076 to customers instead of being removed, as proposed in Petitioner's case-in-chief.
11 12		• The Non-Sufficient Funds Charge language on Sheet No. 8 will be changed to \$31.
13 14 15		• The General Terms and Conditions under Curtailment and Interruption, Part C.2. on Sheet No. 10 will reference therms to be consistent with all other language changes in the tariff.
16 17		• Tariff A Availability language on Sheet No. 20 will reference all customers with meter sizes of less than 750.
18 19		• Tariff B Availability language on Sheet No. 22 will reference meter sizes of 750 or greater.
20 21		• Tariff E Availability language on Sheet No. 22 will reference therms to be consistent with all other language changes in the tariff.
22 23		• Tariff STS Rate language on Sheet No. 33 will reference meter sizes of 750 or less.
24 25		• The Rate Tracking Factor Adjustment on Sheet No. 51 will be converted to an amount per therms to be consistent with all other language changes in the tariff.
26 27		• The Base Rate Cost of Gas on Sheet No. 52 will be converted to an amount per therm to be consistent with all other language changes in the tariff.

1 2	• The Normal Temperature Adjustment on Sheet No. 60, pages 2 and 3 will be updated with new information for the new 30-year normal degree days.
3	Additionally, the Settling Parties agree Petitioner's current transportation tariff
4	does not preclude customers from moving to a GCA tariff and switching back to a
5	transportation tariff within one month. This causes under-or over-collections from
6	the transportation customers that switch to a normal GCA tariff rate during the year
7	and then switch back to a transportation tariff that are not being charged to those
8	specific customers once they switch back to the transportation tariff. The Settling
9	Parties agree the following language will be added to the transportation tariff to
10	help alleviate the possibility of leaving GCA customers with large variances when
11	these customers switch back to the transportation tariff.
12 13 14 15 16 17 18	Where more than one rate schedule (or tariff) is available for the class of service requested, the Transportation Customer shall designate the desired rate schedule from those available for the class of service. A Transportation Customer may change to another applicable tariff rate at any time thereafter by giving written notice to the Utility, provided each successive change shall continue for not less than a fifteen-month period.
19 20 21 22 23 24	A Transportation Customer that has changed to a Sales Service Tariff may change back from the Sales Service Tariff to the Transportation Tariff before the fifteen-month period has been completed if the Customer assumes the liability for its share of all remaining under collections of gas cost resulting from its purchase, consumption, or use while on the Sales Service Tariff.

XII. <u>PUBLIC INTEREST</u>

1	Q:	Is the Agreement in the public interest?
2	A:	Yes. The Settling Parties each made material concessions when they entered into
3		the proposed Agreement. The resulting Agreement includes a residential customer
4		rate that lessens the rate increase impact and prevents rate shock to captive
5		residential customers. The terms of the Agreement demonstrate the give and take
6		of settlement negotiations in resolving multiple contested issues in a manner
7		acceptable to all Settling Parties. The Agreement also reduces the risk and expense
8		of litigation of multiple issues. The Agreement, considered in its entirety, serves
9		the public interest and the ratepayers of Midwest by guaranteeing ratepayer savings
10		of \$142,803 annually compared to Petitioner's case as filed. The Agreement
11		promotes judicial and administrative efficiency. Therefore, the OUCC considers
12		the Agreement to be both reasonable and in the public interest.
13	Q:	Does the Agreement protect affordability?
14	A:	Yes. The Agreement reflects a reasonable compromise and addresses affordability
15		by reducing the rate increase impact, preventing rate shock to customers, and

16 reducing rate case expense.

XIII. <u>CONCLUSION</u>

- 17 Q: Does the OUCC recommend approval of the Agreement?
- 18 A: Yes. The Settling Parties' testimony and exhibits provide evidence to support the
- 19 Agreement, and the OUCC recommends the Commission approve the Agreement.
- 20 Q: Does this conclude your settlement testimony?
- 21 A: Yes.

APPENDIX TO TESTIMONY OF OUCC WITNESS HEATHER R. POOLE

1 Q: Describe your educational background and experience.

2 A: I graduated from the School of Business at Ball State University in Muncie, Indiana 3 with a Bachelor of Science Degree in Accounting in May 2001, and a Master of Science Degree in Accounting in May 2002. From September 2002 through 4 5 September 2010, I worked for London Witte Group, LLC, a CPA firm in 6 Indianapolis, Indiana, as a Senior Staff Accountant. I prepared and reviewed 7 individual, corporate, not-for-profit, property and payroll tax returns; prepared 8 compilations, reviews, and audit reports in compliance with GAAP for a variety of 9 utility companies and not-for-profit organizations; prepared depreciation 10 schedules; and guided clients through year-end accounting processes, including 11 preparation and review of adjusting entries. I prepared and reviewed Gas Cost 12 Adjustment ("GCA") petitions, as well as annual reports filed with the Commission 13 for natural gas companies within the State of Indiana. I also prepared rate case 14 exhibits and schedules filed with the Commission on behalf of various gas utility 15 clients.

16In December 2010, I began my employment with the OUCC as a Utility17Analyst II. In October 2012, I was promoted to Senior Utility Analyst. In February182017, I was promoted to Assistant Director of the Natural Gas Division. In19December 2021, I was promoted to Director of the Natural Gas Division. My20current responsibilities include reviewing and analyzing rate cases filed by Indiana21natural gas, electric and water utilities with the Commission. I also review GCAs,

1		special contracts, tariff, financing, certificate of public necessity, pipeline safety
2		adjustment, gas demand side management, alternative regulatory plan, Federal
3		Mandated Cost Adjustment Tracker, and Transmission, Distribution and Storage
4		System Improvement Charge ("TDSIC") Plan and Tracker cases for natural gas
5		utilities.
6		In May 2016, I passed the Certified Public Accountant ("CPA") Exam and
7		obtained my CPA license in June 2016. While employed at the OUCC, I completed
8		NARUC's Utility Rate School hosted by the Institute of Public Utilities at Michigan
9		State University and the Institute of Public Utilities Advanced Regulatory Studies
10		Program at Michigan State University. I am also a member of the Indiana CPA
11		Society.
12	Q:	Have you previously testified before the Commission?
13	A:	Yes. I have testified in GCAs, rate cases, TDSIC Plan and tracker cases; tariff; gas
14		demand side management; decoupling; and special contract cases involving gas and
15		water utilities. I also provided extensive testimony in the Commission's
16		investigation into the existing GCA procedures and schedules.
17 18	Q:	What review and analysis have you conducted to prepare your settlement testimony?
19	A:	I reviewed the petition, Petitioner's testimony, exhibits, and supporting
20		documentation submitted in this Cause. I analyzed Petitioner's responses to
21		discovery requests from the OUCC. I participated in a pre-filing meeting with
22		Petitioner's representatives to discuss this case and participated in an on-site review
23		at Petitioner's offices on May 22-26, 2023. I also participated in settlement
24		negotiations with Petitioner for this Cause.
