**COMPLIANCE FILING PROVIDING FOR A RATE DECREASE IN ACCORDANCE
WITH FINDING PARAGRAPH 6 OF THE COMMISSION'S JULY 26, 2017 ORDER IN
CAUSE NO. 44685-S1**

Pursuant to finding paragraph 6 of the July 26, 2017 Order in Cause No. 44685-S1 (“Satellite Subdocket”), CWA Authority, Inc. (“CWA” or “Petitioner”) is filing this revenue reconciliation, which results in a rate decrease for its other customer classes, forty-five (45) days prior to the rate increase for Satellite Customers that is scheduled to occur on January 1, 2021, per the Special Contracts as approved in the Satellite Subdocket. Included with this filing are the attached workpapers and proposed revised rate schedules. The proposed revised rate schedules contained herein were calculated using and are dependent upon the revised rates schedules that were filed as a part of CWA’s Phase 2 debt true-up compliance filing made on October 16, 2020, in Cause No. 45151. Additionally, the proposed revised rates were designed to allow the excessive surcharges to remain unchanged consistent with the design considerations agreed upon in the Settlement Agreement in Cause No. 45151. The allocation to the Industrial class was adjusted accordingly to compensate for such treatment of the excessive surcharges. Other items of note

regarding this filing include the following: (1) The rate adjustment contained herein reflects a planned increase to those Satellite Customers that are subject to Special Contracts per the Order in the Satellite Subdocket. This increase is offset by a decrease in the retail customer rates per the same Order; and (2) The increase in the Satellite Customer revenues per this filing are already factored into the Phase 3 rates presented in the debt true-up compliance filing made on October 16, 2020.

It is CWA's understanding that if there is no objection made by the Office of Utility Consumer Counselor ("OUCC") or any Intervenor within ten (10) days of this filing and Commission staff agrees with CWA's calculation, then the new rate schedules would go into effect concurrent with the rate increase to Satellite Customers.

Respectfully submitted,

/s/ Lauren R. Toppen
Attorney for Petitioner
