CERTIFICATION OF RECORDS

Documents: 1

Number of Pages: 5

The Virtual File Cabinet ("VFC") is the online repository for public records housed and maintained by The Indiana Department of Environmental Management ("IDEM"). The undersigned certifies that copies of the Documents specified in the attached Exhibit A and located in the VFC at the URLs specified in Exhibit A, for which this certification is made, are true and accurate copies of the original records created and/or retained by IDEM. The undersigned further certifies that the records set out the office's regularly conducted and regularly recorded activities, matters observed while under a legal obligation to observe and report, or factual findings from a legally authorized investigation, and neither the source of information nor the other circumstances indicate a lack of trustworthiness.

This certification is given under Indiana Evidence Rules 803(8) and 902(4) and the Federal Rules of Evidence 803(8) and 902(4) by the custodian of the record instead of the custodian's personal appearance.

David Schilling
Director
IDEM Office of Records Management
