PETITION OF THE CITY OF COLUMBUS, INDIANA, FOR (1) AUTHORITY TO ISSUE BONDS, NOTES, OR OTHER OBLIGATIONS, (2) AUTHORITY TO INCREASE ITS RATES AND CHARGES FOR WATER SERVICE, (3) APPROVAL OF NEW SCHEDULES OF WATER RATES AND CHARGES, AND (4) AUTHORITY TO ESTABLISH AND IMPLEMENT SYSTEM DEVELOPMENT CHARGES.

CAUSE NO. 45427

FILED January 13, 2021 INDIANA UTILITY REGULATORY COMMISSION

STIPULATION AND SETTLEMENT AGREEMENT

1. The City of Columbus, Indiana ("Petitioner" or "Columbus"), the Indiana Office of Utility Consumer Counselor ("OUCC") and Southwestern Bartholomew Water Corporation ("SBWC") (collectively, the "Settling Parties"), by their respective counsel, respectfully request the Indiana Utility Regulatory Commission ("Commission") to approve this Stipulation and Settlement Agreement ("Stipulation"). The Settling Parties agree that the terms and conditions set forth below represent a fair and reasonable resolution of the issues described herein, subject to incorporation into a final order of the Commission, which approves this Stipulation without any modification or condition that is not acceptable to the Settling Parties.

2. In this proceeding, this Stipulation follows the Settling Parties' prefiled testimony and attachments and coincides with the Settling Parties' filing of supplemental testimony in support of this Stipulation. Since the time of Petitioner's filing of its case-in-chief in this Cause, the OUCC and SBWC have conducted discovery and filed their respective cases, and the parties have engaged in discussions to address items the OUCC and SBWC identified as their primary issues in this Cause. Those interactions have framed the discussions among the Settling Parties, and formed the basis for the Settling Parties to reach agreement on the terms reflected in this Stipulation. A basic component of

each party's willingness to enter this agreement is the overall result that is achieved hereby. The Settling Parties have agreed to concessions on individual issues to which the Settling Parties would not be willing to agree but for the overall result produced by this Stipulation and Settlement Agreement. In other words, each party is agreeing to forego or compromise on positions on individual issues in exchange for the overall result produced collectively by all of the concessions. As set forth below and in Attachment DLB-1S, the parties have negotiated terms that resolve all issues in this proceeding. In all cases, the agreed upon terms are founded upon documented positions filed in this proceeding, including what is included in Settlement Testimony, that the Settling Parties have agreed each of them will file in support of this Stipulation.

3. The impact on Columbus's revenue requirement and the relief requested in this case is reflected more fully in Attachment DLB-1S included with Mr. Douglas L. Baldessari's Settlement Testimony and attached hereto. All issues not specifically addressed in the enumerated paragraphs below are as reflected in Attachment DLB-1S and incorporated herein by reference.

4. For purposes of settlement, the Settling Parties stipulate and agree as follows:

- A. Revenue Requirement. For purposes of settlement, the Settling Parties agree that Columbus's overall pro forma revenue increase shall be \$3,311,396, which represents an overall rate increase of 74.80%. The Settling Parties further agree such increase should be implemented in the following three phases: (1) a 44.30% Phase 1 increase to become effective when an order is issued in this Cause; (2) a 12.99% Phase 2 increase to be implemented on January 1, 2023; and (3) a 7.21% Phase 3 increase to be implemented on January 1, 2024.
- B. **Financing Matters**. For purposes of settlement, the Settling Parties agree:

2

- Debt Issuance. Columbus should be authorized to issue \$22,200,000 of long-term debt in two tranches at interest rates of 2.5% and 2.8%, subject to true-up.
- ii. True-Up Report and Process. Petitioner shall file a report within thirty (30) days of closing on each of its long term debt issuances explaining the terms of the new loan, the amount of debt service reserve and an itemized account of all issuance costs. The report should include a revised tariff, amortization schedule and indicate the effect on rates. Within fourteen (14) calendar days of service of the true-up report, the OUCC shall state whether it objects or disagrees with the true-up report. Petitioner similarly has fourteen (14) days to file a response to the OUCC. If the Settling Parties state in writing that the increase or decrease indicated by the true-up report need not occur because the increase or decrease would be immaterial, the true-up need not be implemented.
- iii. Debt Service Annual Revenue Requirement. For purposes of calculating the revenue requirement, Columbus's debt service annual revenue requirement shall be \$577,425 for Phase 1 and \$1,276,511 beginning with Phase 2, which amounts shall be subject to the true-up.
- iv. Debt Service Reserve Requirement. The Commission should approve
 a Debt Service Reserve Revenue Requirement of \$255,302 for each
 Phase, subject to true-up. For purposes of settlement, the Settling Parties
 agree that once the Debt Service Reserve Requirement has been fully
 funded, Petitioner shall annually spend the amount of money no longer

needed for debt service reserve to augment infrastructure replacement or reserve such funds to offset future borrowing.

C. **Depreciation Issues**. For purposes of settlement, the Settling Parties agree that Intervenor SBWC shall withdraw the testimony of SBWC witness Ben Foley.

5. **Other Rates and Charges**.

A. **System Development Charges.** The Settling Parties stipulate that Columbus should be authorized to implement a system development charge ("SDC") to be applied to new or expanding customers of Columbus's water utility operations in the amount of \$990 per residential customer. For all other meters, the charges shall be as follows:

Meter Size	System Development Charge
1 inch	\$2,475
1 1/2 inch	\$4,950
2 inch	\$7,920
3 inch	\$15,840
4 inch	\$24,750
6 inch	\$49,500
8 inch	\$79,200
10 inch	\$207,900
12 inch	\$262,350*

*reflects corrected charge as identified in OUCC witness Mierzwa's testimony.

 B. Irrigation Rate. OUCC witness Jerome D. Mierzwa recommended that Columbus consider establishing a separate rate schedule for irrigation customers. The Settling Parties agree Columbus should consider establishing a separate rate schedule for irrigation customers and, if Columbus determines it is appropriate to establish a separate rate schedule for irrigation customers, Columbus shall request approval from the Commission to do so in its next rate case.

6. **Cost of Service Study and Rate Design.** The Settling Parties accept the cost of service study performed by OUCC witness Mierzwa and filed with his direct testimony; however, the Settling Parties agree that all customer classes shall be capped at an approximate 113% revenue increase (with no customer receiving more than a 112.9% increase) for each customer class. The Settling Parties further agree that the revenue offset for the large commercial and industrial customers and Eastern Bartholomew Water Corporation ("EBWC") should be allocated to the residential class. The resulting rates and charges which the Settling Parties stipulate and agree should be approved by the Commission are set forth in Attachment DLB-1S.

7. **Stipulation Effect, Scope and Approval.** The Stipulation is conditioned upon and subject to its acceptance and approval by the Commission in its entirety without any change or condition that is unacceptable to any Settling Party. Each term of the Stipulation is in consideration and support of each and every other term. If the Commission does not approve the Stipulation in its entirety or if the Commission makes modifications that are unacceptable to any Settling Party, the Stipulation shall be null and void and shall be deemed withdrawn upon notice in writing by any party within 10 days after the date of the final order stating that a modification made by the Commission is unacceptable to the Settling Party.

The Stipulation is the result of compromise in the settlement process and neither the making of the Stipulation nor any of its provisions shall constitute an admission or waiver by any Settling Party in any other proceeding, now or in the future. The Stipulation shall not be used as precedent in any other current or future proceeding or for any other purpose except to the extent provided for herein or to the extent necessary to implement or enforce its terms.

5

The evidence to be submitted in support of the Stipulation, together with evidence already admitted, constitutes substantial evidence sufficient to support the Stipulation and provides an adequate evidentiary basis upon which the Commission can make any findings of fact and conclusions of law necessary for the approval of the Stipulation.

The communications and discussions and materials produced and exchanged during the negotiation of the Stipulation relate to offers of settlement and shall be privileged and confidential.

The undersigned represent and agree that they are fully authorized to execute the Stipulation on behalf of the designated party who will be bound thereby.

The Settling Parties will either support or not oppose on rehearing, reconsideration and/or appeal, an IURC Order accepting and approving this Stipulation in accordance with its terms.

ACCEPTED and AGREED this 13th day of January, 2021.
