INDIANA UTILITY REGULATORY COMMISSION

IN THE MATTER OF THE PETITION BY)
BRICKYARD SOLAR, LLC FOR CERTAIN)
DETERMINATIONS BY THE COMMISSION) CAUSE NO. 45424
WITH RESPECT TO ITS JURISDICTION)
OVER PETITIONER'S ACTIVITIES AS A)
GENERATOR OF ELECTRIC POWER)

VERIFIED PETITION

Brickyard Solar, LLC ("Petitioner"), by counsel, respectfully requests that the Indiana Utility Regulatory Commission ("Commission") enter an order declining to exercise its jurisdiction, pursuant to Ind. Code § 8-1-2.5-5, over Petitioner's construction, ownership, and operation of a proposed solar power electric generating facility to be known as Brickyard Solar (the "Brickyard Solar Facility"). The Brickyard Solar Facility will be located in Boone County, Indiana. In support of this Petition, Petitioner states:

1. Petitioner's Legal Status. Petitioner is a limited liability company organized and existing under the laws of the State of Delaware and authorized to do business in the State of Indiana. Petitioner's principal place of business is at 700 Universe Blvd., Juno Beach, Florida 33408. Petitioner is an indirect wholly-owned subsidiary of NextEra Energy Resources, LLC ("NEER"), which is the renewable energy subsidiary of NextEra Energy, Inc. NEER specializes in the development, construction, and operation of large-scale renewable power projects and is the world's largest operator of renewable energy from the wind and sun. NEER is headquartered in Juno Beach, Florida.

2. Brickyard Solar Facility. Petitioner intends to construct, own, and operate the Brickyard Solar Facility, which is located entirely in unincorporated areas of Boone County, Indiana. The long-term plan for the Brickyard Solar Facility is that it will generate up to

approximately 200 megawatts (“MW”) (nameplate capacity, alternating current) of electricity from approximately 675,000 solar panels over an approximately 2,011-acre solar panel farm. Transmission and substation facilities are planned to be situated in Boone County. Petitioner’s activity qualifies it as a “public utility” under Ind. Code § 8-1-2-1(a)(2) and as an “energy utility” under Ind. Code § 8-1-2.5-2. Alternative utility regulation is therefore available to Petitioner.

3. Relief Requested. Petitioner requests that the Commission, pursuant to Ind. Code § 8-1-2.5-5, decline to exercise any jurisdiction to: (a) require Petitioner to obtain a certificate of public convenience and necessity to construct the Brickyard Solar Facility under Ind. Code § 8-1-8.5, the “Powerplant Construction Act”; and (b) regulate, under Ind. Code § 8-1-2, the “Public Service Commission Act”, Petitioner’s construction, ownership and operation of, and other activities in connection with, the Brickyard Solar Facility.

4. Solar Facility Certified as an Exempt Wholesale Generator. Petitioner intends to self-certify the Brickyard Solar Facility as an Exempt Wholesale Generator (“EWG”) as that term is defined in 18 C.F.R. § 366.1 of the Federal Energy Regulatory Commission’s (“FERC”) regulations. Requests for any authorizations required to sell the electrical output from the Brickyard Solar Facility into the wholesale market will be made to FERC.

5. Service Only to Wholesale Power Market. The Brickyard Solar Facility will exclusively serve the wholesale power market, and Petitioner does not intend to recover the costs of the Facility from Indiana customers through rate base, rate of return, or comparable methods typically associated with retail public utility rates. Petitioner will have no franchises, service territory, or retail customers and will make no retail sales, in Indiana or elsewhere. All sales by Petitioner of electric energy produced by the Brickyard Solar Facility will be into the wholesale

power market and not at retail. Petitioner will not otherwise dedicate or hold itself out to serve directly the electric needs of the general public; however, the Brickyard Solar Facility will provide significant public benefits. Petitioner will not be obligated to sell energy produced by the Brickyard Solar Facility to any entity absent a contract to do so. Similarly, no public utility or other entity will be obligated to purchase energy produced by the Brickyard Solar Facility other than by mutual agreement. Petitioner will not engage in the transmission of electric power, other than that which is incidental to the ownership and operation of the Brickyard Solar Facility as an EWG.

6. Powerplant Construction Act. The Powerplant Construction Act was not intended to apply to the construction of a facility such as the Brickyard Solar Facility. The Indiana General Assembly enacted the Powerplant Construction Act to ensure that public utilities providing retail electric service in Indiana do not build unnecessarily “large, expensive power plants with lengthy construction periods ... to meet expanded growth.” *In re Petition of Southern Indiana Gas and Elec. Co.*, 108 P.U.R. 4th 494, 1989 Ind. PUC LEXIS 378 (IURC Cause No. 38738, October 25, 1989). The Powerplant Construction Act was designed to protect Indiana’s retail customers of regulated electric utilities from the costs associated with excessive generating capacity, while at the same time ensuring that the utilities serving those retail customers would be allowed to recover their prudent investments in new generating facilities. *See* Ind. Code § 8-1-8.5-6.5 (“a utility shall recover through rates the actual costs the utility has incurred in reliance on a certificate issued” by the Commission). The Powerplant Construction Act was not intended to apply in the absence of any obligation to serve and any ability to recover costs through regulated rates. No such protections of the customers in Indiana are requested by Petitioner or are required here.

7. Declination of Jurisdiction. In light of these facts and circumstances, Petitioner respectfully requests that the Commission decline to exercise any jurisdiction over Petitioner's construction, ownership, or operation of, or any other activity in connection with the Brickyard Solar Facility under Ind. Code § 8-1-2.5-5. The tests set out in that statute for the Commission to determine whether the public interest will be served by the Commission's declining to exercise jurisdiction over Petitioner are clearly met here. *See* Ind. Code § 8-1-2.5-5(b). Competitive forces in the wholesale power market and FERC's regulatory oversight of Petitioner's operation and wholesale electric rates render the exercise of jurisdiction over such operation and rates by the Commission unnecessary, burdensome, and wasteful of the Commission's time and resources. Market forces also will determine who will buy energy from Petitioner. In addition, the Brickyard Solar Facility will increase the amount of electricity generated in the State of Indiana, particularly electricity generated from solar, a renewable, emission-free, and energy-efficient resource not subject to the risk of fuel price increases or increased emission control costs. Thus, the Commission's encouragement of this type of facility by its declining to exercise jurisdiction over Petitioner will be beneficial to the State of Indiana.

8. Statutory Authority. Petitioner believes that Ind. Code § 8-1-2 generally, and Ind. Code § 8-1-2.5 specifically, are applicable to this proceeding. Counsel for Petitioner in this Cause is Randolph L. Seger and Michael T. Griffiths of the law firm Dentons Bingham Greenebaum LLP, 2700 Market Tower, 10 West Market Street, Indianapolis, Indiana 46204, and counsel is authorized, on Petitioner's behalf, to receive papers filed in this matter.

9. Prior Commission Orders. This Commission has previously granted other similar electric generation projects relief which is similar to the relief Petitioner seeks in this Cause. *See In the Matter of the Petition by NextEra Energy Bluff Point, LLC*, Cause No. 44299 (Apr. 3,

2013); *In the Matter of the Petition by Headwaters Wind Farm, LLC*, Cause No. 44358 (Sept. 19, 2013); *In the Matter of the Petition by Jordan Creek Wind Farm, LLC*, Cause No. 44978 (Dec. 20, 2017); *In the Matter of the Petition by Bitter Ridge Wind Farm, LLC*, Cause No. 45165 (March 20, 2019); *In the Matter of the Petition by Speedway Solar, LLC*, Cause No. 45230 (Sept. 18, 2019); *In the Matter of the Petition by Lone Oak Solar Energy LLC*, Cause No. 45255 (Oct. 29, 2019); *In the Matter of the Petition by Fairbanks Solar Energy Center LLC*, Cause No. 45254 (Oct. 29, 2019); *In the Matter of the Petition by Riverstart Solar Park LLC*, Cause No. 45336 (June 3, 2020). Denying the requested relief would inhibit Petitioner from competing with other similarly-situated entities facing fewer regulatory burdens. *See* Ind. Code §8-1-2.5-5(b)(4).

10. Procedural Schedule; Waiver of Prehearing Conference. Petitioner requests consideration of the requested relief on a schedule that will allow for an Order to be issued by the Commission on or before March 31, 2021. Petitioner has conferred with the Indiana Office of Utility Consumer Counselor to explain the project, and the parties have agreed to waive the prehearing conference in this Cause and to establish the procedural schedule as set forth below:

Petitioner files case-in-chief:	October 1, 2020
OUC and Intervenors file testimony:	December 10, 2020
Petitioner files rebuttal testimony:	January 7, 2021
Evidentiary Hearing:	One day during the week of February 8, 2021 (preferably the same day as the hearing for Greensboro Solar Center, LLC)

Additionally, Petitioner and the OUC have agreed to other procedural matters, all as set forth in the Proposed Scheduling Order attached hereto as Exhibit 1, and Petitioner requests that the Commission issue the Proposed Scheduling Order and waive the prehearing conference pursuant to 170 IAC 1-1.1-15(e).

WHEREFORE, Petitioner respectfully requests that the Commission:

- a. Issue the Proposed Scheduling Order in this Cause establishing the procedural schedule set forth in Paragraph 10 above and fixing the date for the evidentiary hearing;
- b. Declare that the Commission declines to exercise jurisdiction consistent with other similarly-situated electric generation developers over Petitioner's construction, ownership, and operation of, and other activities in connection with the Brickyard Solar Facility;
- c. Grant Petitioner an indeterminate permit to operate the Brickyard Solar Facility;
and
- d. Grant Petitioner other just and proper relief as required in this proceeding.

Respectfully submitted,
